### **Education**

**State University of New York Cobleskill,  
Cobleskill NY**

Bachelor of Science in Graphic Design, Enrolled

### **Experience**

#### **Senior Portrait Photography**

During these sessions I look at reference photos that my clients provide. I try to match the photos as much as possible, to achieve this I must provide clear directions on how to pose.

#### **Infant Photography**

During these sessions my client shows me inspiration photos to base my setup on. I need to be patient and to make sure that the baby is comfortable.

#### **College Tutor, SUNY Cobleskill, Cobleskill NY**

I am able to help students that need help and are confused on projects and homework because I have previously taken the courses. I help deepen their understanding of the assignment.

#### **Cooperstown Shadowbrook Campground, Cooperstown NY**

I cleaned the the facilities and helped in the camp store if it was busy. This job taught me how to keep a tidy work environment and customer service skills.
